### PART 3: ORDER OUT OF CHAOS

#### **EVENTS ARE HEATING UP**

Life was fairly simple when I came back to Christ in 1965.

- ❖ I had a black and white television, a radio, and a telephone.
- ❖ There was no TSA screening at the airports. There weren't even metal detectors! It was possible to walk all the way to the ramp where people arrived from an airplane.
- ❖ If you went to a courthouse, federal, or state buildings, there were no checkpoints or security checks. You simply walked in and no one asked if you had a weapon.
- ❖ There were no bar codes on the items in the stores. Every item had a price tag which the cashier had to manually enter at the cash register.
- ❖ Opening a checking account was as simple as providing a name, address, and a telephone number. It wasn't necessary to show ID.

I started to preach about the Antichrist system in the early 1970's. It was obvious that what the Bible was describing in terms of technology would have to occur sometime in the far future.

#### **THE SLIPPERY SLOPE**

The barcode came into being in 1973 with the Uniform Grocery Product Code. All products had to be marked with the barcode and retailers rushed to implement the system which would speed up the checkout time.

The barcode was convenient for the retail stores. They saved a lot of money by eliminating the clerks who had previously been applying price tags to every product. It was suddenly faster to go through a checkout stand, but many Christian pastors began talking about how the barcode might be the beginning of the infamous Mark of the Beast.

By 1969 it was common in cities to access television programming through a coaxial cable system. By 1976, the cable providers had begun to use satellites for transmission and a number of people purchased large diameter satellite dishes that sat on the ground.

We were introduced to the personal computer (PC) in 1977, but it was not until the mid-1990's that the microprocessors began to get faster and more powerful. The electric typewriter was rapidly discarded and an entire industry built on typewriters vanished.

The pager was introduced in 1962 and became widely used in the 1980's. This little device allowed you to be notified that someone wanted to connect with you. The sender would dial a phone number associated with the pager and the end user received an alphanumeric message. They would then seek out a telephone to call the number listed

on the pager. It is mostly used by doctors today and fell out of favor in 2001 with the proliferation of cell phones.

The Intel corporation introduced its first microchip in 1971. It is common for animals to be microchipped today, allowing them to be tracked remotely should they go missing. The trend is also spreading toward humans for the purpose of tracking and conducting transactions.

The cell phone came on the market in 1973 but it was not until 1983 that a viable system was created. Today our smart phones can make calls, retrieve voicemail, send texts, check email, take pictures, shoot videos, and install whatever app that meets your need.

The internet did not really take off until 1990 when it went from being just a national system in the United States to the World Wide Web.

## **TECHNOLOGY IS READY**

The latest developments of DNA testing, along with voice and face recognition, have completed the technology that Satan requires to install the Antichrist. What I thought would happen in the distant future – maybe some 200 years later – is actually here now.

What Jesus told the apostle John can now be implemented once the political stage is set. **Revelation 13:5-17**

## **SHOCK TROOPS**

Satan cannot erect his global federation without the United States of America. President Trump, the Republican Party and the 63 million Americans against globalism who voted for Trump must be removed. It is not enough to elect Joe Biden – who is incidentally is showing increasing signs of dementia – they must create chaos to destabilize our nation.

King Solomon knew that a political situation had the ability to accomplish good or destruction. **Proverbs 25:5; 29:2, 12**

There is no doubt in my mind that the people who agree with the Democratic Party agenda are possessed by demons. Political leaders like Chuck Schumer (Jewish), Jerrold Nadler (Jewish), and Nancy Pelosi (Roman Catholic) are possessed by powerful demonic spirits. I can say this with certainty because these three people and the rest of the leadership support the killing of babies through abortion, homosexual rights and same sex marriages, and keeping the Bible out of public schools.

At the end of the Kingdom of Judah, hundreds of thousands of Jewish men and women decided to travel to Egypt even though the prophet Jeremiah had told them that God opposed their plan. The leadership and the people were demon possessed and told Jeremiah they did not care what God said, they were going to do their own thing. **Jeremiah 44:15-22, 27**

## **STATISTICS**

In the 2016 presidential election, 65 million or 52% of Americans voted for Hillary Clinton while Trump received 63 million votes or 48%. However, Trump received 304 Electoral College votes compared to Clinton's 227.

Did you know that 11.2 million Americans have died since the 2016 election? Trump received a large share of the votes from the older population, which means his voter base has shrunk. At the same time, some 12 million new voters will be active in the 2020 election. These young voters were 14-18 years old in the last election and most of them are drawn to socialism. It is going to take a miracle for Trump to pull together a majority of the votes in 2020.

## **ANTIFA**

A ministry supporter sent me a copy of what purports to be an ANTIFA street manual which I have attached as an addendum. When compared to the instructions given to communist revolutionaries, it reminded me of what the Illuminati stated in 1776 and subsequently carried out in France a few years later. These instructions are also similar to the actions of Hitler's Brownshirts in 1930.

I don't know whether this manual is real or fake, but its instructions are being carried out today. I believe it was handed out at a street protest and dropped by the recipient. It was retrieved by someone opposed to the protests and circulated on the internet.

Here are the main points:

- ❖ White Privilege
- ❖ Creating a Culture of Tolerance
- ❖ Crashing the borders
- ❖ Control the Media
- ❖ Believe the way we do or you will be fired
- ❖ Socialization of Capital
- ❖ Speeding up the process
- ❖ The New World Order
- ❖ One World Government

## **ANTI- DEFAMATION LEAGUE**

The Anti-Defamation League (ADL) is an aggressive international organization dedicated to rooting out anti-Semitism and defending Jewish people, including the State of Israel. A cursory search on the internet revealed that Wikipedia had a positive view of Antifa, but the ADL is closer to the truth.

*"Today's antifa argue they are the on-the-ground defense against individuals they believe are promoting fascism in the United States. However, antifa, who have many anti-police anarchists in their ranks, can also target law enforcement with*

*both verbal and physical assaults because they believe the police are providing cover for white supremacists. They will sometimes chant against fascism and against law enforcement in the same breath.*

*While some antifa use their fists, other violent tactics include throwing projectiles, including bricks, crowbars, homemade slingshots, metal chains, water bottles, and balloons filled with urine and feces. They have deployed noxious gases, pushed through police barricades, and attempted to exploit any perceived weakness in law enforcement presence.*

*Away from rallies, they also engage in “doxxing,” exposing their adversaries’ identities, addresses, jobs and other private information. This can lead to their opponents being harassed or losing their jobs, among other consequences. Members of the alt right and other right wing extremists have responded with their own doxxing campaigns, and by perpetuating hateful and violent narratives using fake “antifa” social media accounts.*

*Because there is no unifying body for antifa, it is impossible to know how many “members” are currently active. Different localities have antifa populations of different strengths, but antifa are also sometimes willing to travel hundreds of miles to oppose a white supremacist event.”<sup>1</sup>*

## **WHAT SHOULD CHRISTIANS DO?**

What should Christians do? This is not the time to take up arms and fight these people. It is important to remember that anyone who is not born again is a citizen in the kingdom of Satan and they are simply doing the bidding of their master. **John 8:34-44**

This is a battle that must be fought with spiritual weapons. **Ephesians 6:10-12;**  
**2 Corinthians 10:3-6**

We are not called to kill the people opposing us, rather, we are to win them for Christ. **Matthew 28:18-20**

Only through the power of the Holy Spirit can we convince people to stand for biblical principles and cast their votes for candidates who are willing to uphold the teachings of Jesus. **1 Corinthians 2:14-16**

# THE ANTIFA MANUAL

**DO NOT DISTRIBUTE TO ANY CIS WHITE MALES, NON-POC, NON-LGBTQ PEOPLES, A.K.A. FASCISTS**

## Introduction

If you are reading this, it's because someone close to our movement trusted you with it. Please do not distribute to anyone who may attempt to harm or denigrate what we are doing.

This is an ANTI-FASCIST<sup>1</sup> or ANTIFA manual. If you are reading this, you already know that we are a social justice movement against hatred, intolerance and bigotry.

This manual outlines where we've been, where we're at, and where we're headed within the next 100 years.

But first, to understand how we got here, we have to understand...

## White Privilege

For hundreds if not thousands of years, the cis white male power structure controlled the media and disbursement of information. First came the printing press [controlled by white males]. Then came mass media such as newspapers and television [controlled by white males]. But the next evolution of media was born in a time when the cis white male<sup>2</sup> power structure began to lose its firm grip on the dissemination of ideas. Some of our kind have begun to infiltrate high-level position of power in major media organizations.

And of course, the new king of idea dissemination is Social Media. This is the new battleground for our war against fascism.

Whites, especially cis white males, have proven to be the greatest evil mankind has ever known. From Hitler

---

<sup>1</sup> Fascism is a form of far-right, authoritarian ultra-nationalism characterized by dictatorial power, forcible suppression of opposition, as well as strong regimentation of society and of the economy.

<sup>2</sup> Cisgender (sometimes cissexual, often abbreviated to simply cis) is a term for people whose gender identity matches their sex assigned at birth.

to our very own Harry S. Truman (who dropped the atom bomb on Hiroshima and Nagasaki), to the slave traders of old, no one has proven to do more harm to mankind than white men.

From their murderous plundering [e.g. of the Native Americans and African slaves], white males have achieved status and power in the United States and Western Europe. Never indulge any fantasy by the fascists that white men have also cured diseases, lifted people out of poverty through western capitalism/democracy, or any other facetious<sup>3</sup> claim they may make about such men. Their gains were only achieved through rape and plunder.

Hence, cis white males have inherent privilege in our society. This is the basis on which people of color, LGBTQ, the disabled, and other groups that need protection will level the playing field and form a New World Order a.k.a. One World Government. A government by protected classes of people, for protected classes of people, for the protection and betterment of all of humanity.

## Creating a Culture of Tolerance

To create a culture of tolerance, we must first eliminate all forms of hate speech. Every idea critical of our movement or our way of thinking must be condemned as: racist, homophobic, misogynist<sup>4</sup>, etc.

We have the facts and history on our side. When all else fails, compare someone to Hitler. Every once in a while, one of our minority group friends will become disillusioned and speak out as a conservative a.k.a. fascist. Belittle them as delusional. They speak against their own rational self-interest.

---

<sup>3</sup> Treating serious issues with deliberately inappropriate humor; flippant.

<sup>4</sup> A person who dislikes, despises, or is strongly prejudiced against women.

Our color, my blackness, for example, comes first. It defines who I am. Black first, American second. Gay/Lesbian first, little person/dwarf second, American third, and so on.

### **Crashing the Borders**

Most liberals are not ANTIFA (yet), but soon they will be. Refugee crises such as those created by the situation in Syria are the ideal way to get more people of color (PoC) into America. They NEED our help. There are pictures of dead babies who have washed ashore onto beaches. Use imagery such as this to get support for expanding the PoC/minority population in the United States.

Never call any immigrant “illegal,” obviously. They are “undocumented.” It doesn’t matter whether they came over here to smuggle drugs or if they were brought here by their parents at a young age. Migrants from Mexico and South America will play a crucial role in ANTIFA activities in the next 100 years.

By 2117, one hundred years from now, our goal is to have 70% of the US population be non-white. By then, we will hopefully have subverted the power structure enough to eventuate our ends.

### **Control the Media**

It’s important to gain control of the media through any means necessary. In these early stages of this movement, it’s important not to alienate any cis white males who are on our side. Use white shame and white guilt to kowtow men in positions of power into following our ideals. Some major media conglomerates are swinging to our side, but they have not gone far enough.

Social Media is the new battlefield of ideals. We’ve seen what kind of power these outlets yield by kicking major fascists off their platform before. This will and this must only continue.

If you are seeking positions of power in the media, be sure to obfuscate and hide your true intentions on the various social media platforms. Better to remain a mystery and wield massive power than blatantly shouting your viewpoints from the hilltops. We have the objective truth on our side. Always project that.

Use social media as a baton to slap down anyone who holds fascist viewpoints. Call them racist, homophobic, misogynistic. Create an echo chamber around you.

Many of us first learned about ANTIFA and gained our views on college campuses and universities across the country. This needs to start earlier. Take up teaching as a profession. Educate the youth about the dangers of fascism. Befriend those vulnerable students who you suspect of having fascist-leaning parents. Teach Little Timmy not just how to read good, but also how to think and act good.

Once we firmly have control of Social Media and most major media platforms, it’s time to start Operation Truth. The way many social media platforms currently work is that people are primarily exposed to viewpoints they primarily already agree with. This creates a kind of echo chamber for that individual. However, once we control the flow of information, we can slowly start spreading the truth to the fascists who reject our ideology. This must be done very carefully. Slowly, at first. Begin suggesting a piece of news, video, tweet or post that the opposition could conceivably believe in. Create new outlets that do not come with the baggage of known bias. Convert major new media stars into witting or unwitting pawns for our cause.

### **Believe the Way We Do or You Will Be Fired**

The next crucial step is to threaten the livelihoods of anyone who dares to speak out against our agenda. They are, after all, fascists who are clearly racist, homophobic or misogynistic. You can’t run a company with someone like that in your midst. Once we achieve this end, we’ll almost be able to taste our victory, yet we have so much further to go to achieve our ends. Fearing for one’s livelihood is clearly a big motivator. Cis white male fascists will begin to hide in the shadows. They may lurk online on message boards and underground media, but will be afraid to speak up using their own voice and name, for fear of being labelled a bigot. Many fascist corporate overlords still exist and will offer some of these hatemongers a place to work. But it’s only a matter of time before our ranks infiltrate even the most evil of corporations (who tolerate such hate speech from their employees).

## **Phase 2: The Socialization of Capital**

Never reveal our endgame, but the obvious next step once we control the media is the socialization of capital. This will obviously require major political power. With, hopefully, 70% people of color in this nation, we may begin to have a chance at these ends.

Obviously, we start with healthcare. It's after all, a basic human right. Everyone knows someone who died of cancer or got sick somehow. Obamacare was better than what we had before, but it was built with the healthcare lobbyists' consent. We need single-payer and we need it NOW.

Americans have come to accept that's OK for them to be locked in a cage rather than not pay their taxes. Never mind most of the money collected goes to the military industrial complex and to engage in imperialism abroad. Wars against brown people who happen to live above oil-rich lands.

As people of color, LGBTQ, little people, the disabled, Muslims, and other minority classes slowly become the majority, we will naturally vote pro-ANTIFA politicians into office. It is, after all, only in our best interest.

After healthcare, the next target for socialization will obviously be the media. Use one of the government's only tools against big corporations: anti-trust, anti-monopoly laws - to split the media into worker-owned, ANTIFA-controlled entities.

Currently only the rich and upper middle class get to enjoy the benefits of Wall Street and all it has to offer. If the workers owned and controlled their own businesses, everyone would win (except the big fat cat CEOs who would be out of a job).

We will have to gradually raise the tax rates on both the 1% as well as the mid to upper middle class to achieve our ends. Raise the minimum wage to a livable wage, especially in places like San Francisco, Los Angeles and New York. Build homes for the homeless and confiscate foreclosed properties from banks to give to the homeless.

After the media, banks and finance will be our next target, followed by technology and manufacturing.

One thing we must be sure of is to never let the white man excuse himself of his obligations by taking so-called "reparations." That time has surely passed, and would give the cis white male power structure an excuse to stop caving to our demands. "Oh, we gave Jamal \$100k in reparations two years ago, we don't need to help him now that he's a penniless crack addict on the street now," they will surely say.

## **Speeding Up Progress**

To achieve these ends, there are some tactics that we must use to speed our way towards progress. It's well-known that whites in America are not producing as many offspring as their counterparts. It's important to make abortions, on demand and without apology, overwhelmingly available in predominantly white communities. We must lower the bar to access birth control in these communities and use media to promulgate the image of childless white people as being sexy, hip and cool. Meanwhile the fascists on the right will continue to attempt to restrict access to abortions on demand. Middle class whites tend to have the ability to pay, even for out of state travel, to get their fetuses aborted. Currently the predominantly people of color dominated poor communities have little choice but to keep a baby to term. Even if sent into the foster system, these children will one day lay the groundwork for our eventual New World Order and One World Government.

## **Phase 3: New World Order**

Imagine a world free of hatred and bigotry. Imagine a world where you'll never have to be called the n-word again. Imagine a world where you can be as gay as you want, and not be called a r\*\*\*\*\* d\*\*\*-s\*\*\*\*\* "f\*\*\*\*\*." Where ANTIFA ideas reign supreme and all hateful, micro aggressive speech is eradicated.

One way to accomplish this will be to tag (or microchip) every human being on the planet, and they will do so voluntarily. Use the guise of entertainment and other benefits to lure people to this end. This chip, embedded in the hand or neck, will allow ANTIFA-approved to monitor the citizenry of the world. Information accessible (by waving a wand a few feet away from the chip) would be DNA content (including % of color, genetic disadvantages, etc.), political

leanings (scored by past social media posts), earnings, known associates, ANTIFA status etc. We must ensure that only ANTIFA-approved regulators can access this data, lest we veer too far into fascism ourselves.

Thus, with the wave of a wand, one would be able to tell whether that vaguely beige-ish looking person is allowed to use the term “nigga.” For example, in rap lexicon it is popular to say, “Where my niggas at? I got hoes in different area codes.” While clearly misogynistic, a person of color has the right to use the term “nigga.” ANTIFA regulators will have to determine an acceptable percentage threshold of color in one’s DNA that makes it acceptable to use the term “nigga.” If you are only 17% of African descent, perhaps it is not okay to use that term. Clearly if you are 1% or less of African descent, it is problematic, although some dark Asians can get away with say it just because of how dark their skin tone is. However, if someone of, say 80% Caucasian descent attempts to use the n-word with the “hard r,” they will clearly be in violation of hate crime speech. While prison would clearly be too harsh of a punishment for such an individual, demotion of status, power and income would not be out of the question and should be the norm.

The issue of using force to achieve our ends is a tricky one. Always shout down fascist opponents. Disrupt their speeches, counter-rally their rallies. Force the media to show our side as the righteous one that it is. When it comes to the issue of terror, we do not condone mass murder. However, a tiny majority of people who happen to be Muslim have decided to blow themselves up for their cause. Clearly this is the result of hundreds of years of Western intervention by cis white males on their culture. Osama Bin Laden would not have attacked the WTC and Pentagon had we not dropped atom bombs on Japan in WWII, for example. Palestinians are clearly victims and have little to no choice than to avenge their relatives’ deaths at the hands of the Israeli government. Make no mistake - Jews are a protected class of people, but we do not condone Israeli aggression against Palestinians.

#### **Phase 4: One World Government**

Our movement will eventually spread to other nations- indeed, it has already begun. Some peoples will prove excessively resistant to our brand of ANTIFA, such as those who were previously burned by Communism or failed socialist states. Make no mistake-we will prevail where others have failed. Their leaders’ lust for status, power and wealth eventually led them to create layers of power full of corrupt state officials. ANTIFA have the power of the people on our side (or we will, eventually) and will not succumb to such a fate.

It is only natural that the ideologies we espouse spread throughout the globe. Starving Africans will finally be lifted out of poverty when we redistribute the wealth of the Western 1% to them (and to our brothers and sisters here at home).

Container ship after container ship will be converted to massive passenger cruise-liners and will ferry poverty-stricken brown people from around the world to the (former) United States and Western Europe. Jobs will flower aplenty at all of the world’s worker-owned businesses. Those who can’t work will be provided a stipend and unlimited supply of opiates, marijuana, meth and cocaine to occupy their free time.

Sound too good to be true?

It isn’t. This is what we’re fighting for.

This is what we believe. WE ARE ANTIFA. EITHER YOU ARE WITH US, OR YOU ARE A FASCIST.

[Please do not distribute to cis white males, non-PoC, non-LGBTQ, etc. Use common sense.]
