PART 3: WAR AGAINST THE SAINTS

The following account takes place in the future...

DIFFERENT THINKING

The end times are different and now require a different way of thinking. Anyone receiving the microchip in their right hand or forehead has been sentenced to the Lake of Fire. **Revelation 14:9-11**

Since the officers and soldiers hunting them have received the mark of loyalty and can no longer be saved, there are times when God's people call down fire from heaven and the minions of the Supreme Leader are incinerated. **2 Kings 1:14**

The fire from heaven is some kind of ray that kills people but leaves weapons and equipment intact. This is similar to the neutron bomb which came into being in the late 1970's. Its intense radiation killed all biological material but left tanks, trucks, and weapons untouched. **2 Chronicles 20:15-25**

The Christians are slowly able to arm themselves with weapons from the World Federation for protection apart from the angels. It is important to realize that the surviving Christians are not all on the same spiritual level, despite the multitude of miracles they have witnessed.

Jesus stated there are three classes of Christians dictated by faith and trust. Some Christians will be in the 100% group, others are in the 60% group, and finally there is the 30% group. It is important to note that miracles do nothing to change what group you are in.

Not all the Israelites entering the Promised Land under the leadership of Joshua were on the same spiritual level. God was forced to use them in their respective (100/60/30) capacity to defeat the enemy with swords, spears, and bow and arrows. Hence some of the Christian communities' use of captured weapons to defend themselves against the forces of the World Federation. **Matthew 13:18-23**

This was similar to what happened when the people of Israel invaded the land of Canaan. God used angels and hornets; at times the men of Israel even had to get into a physical confrontation with the enemy. **Exodus 23:27-30; Joshua 6:16-21**

Christians have been hunted by the forces of the Supreme leader for almost five years. Since there were no other wars on the earth, the military of the World Federation focused exclusively on exterminating Christians on all five continents.

The Supreme Leader was able to clear out Christians from the cities and the farmlands, but he was unable to do anything about the wilderness areas. **Revelation 13:7-9**

It is a mystery to the Supreme Leader and the Pastor how the Christians have managed to survive in the wilderness areas for five odd years. Despite being homeless and having no access to World Federation supplies, they have somehow managed to thrive

in the midst of danger and hardship. What Satan's leaders don't know is that God is supernaturally supplying the Christians with what they need. **Exodus 16:1-17; Deuteronomy 29:5**

The spirit-filled believers in Christ living in the wilderness are confident that God will protect them through this chaotic and turbulent period. The Book of Revelation states the Antichrist will reign for one hour. **Revelation 17:11-12**

Using the conversion table provided by the apostle Peter, they calculate the Supreme Leader has been allocated 41.6 years by God. Since they are five years into the reign of the Antichrist, they know they have 36.6 years to go. **2 Peter 3:8**

Young people are encouraged to marry and have children because Jesus prophesied that men and women would make it through the time of the Antichrist and it is these people who will repopulate the earth during the 1,000 years kingdom. **Revelation 20:4-5, 8**

The remnant groups of Christians spread out on different continents cannot communicate by letter, telephone, or the internet. Being shut off from the world, they become closer to Jesus and the gifts of the Holy Spirit operate among them just like in the Book of Acts.

The Holy Spirit keeps them informed as to what is happening throughout the world. The last chapter of the Book of Acts is written daily as these men, women and children live out their lives trusting God implicitly. **1 Corinthians 12:1-11**

35 YEARS LATER

The Supreme Leader and the Pastor have been able to build up the different regions of the earth and most people are gainfully employed and enjoying life once again. It has been peace on earth since the Supreme Leader began to reign 35 years ago. The masses don't know it but the good times are about to end.

The Supreme Leader and the Pastor know about the predictions in the Bible and set about preparing for an invasion from outer space. Despite promising peace, men are drafted into the army, navy and air force of the World Federation. The huge military budget even calls for the creation of a special space command. Lucifer is supplying the World Federation with spaceships that predate humanity. These relics from the Great Space War have been stored in the ocean depths for this moment. **Revelation 12:7-10**

The Supreme Leader and the Pastor are increasingly nervous as the time of God's invasion approaches. Their time on earth – one hour/41.6 years – is almost over. Armageddon is about to begin and the upcoming conflict is constantly hyped on television. The threat from outer space is constantly mentioned. There is talk about fortifying the moon and Mars to stop the invasion.

The Pastor tells people there are sinister powers in outer space who want to take over the earth. All men and women need to pray to Lucifer and ask him to stop the invaders. Plus, they need to take part in the defense effort of earth. **Revelation 19:19; 16:16**

The Christians know God's judgments will soon strike the Antichrist system and they begin to search the Scriptures to find out how to survive God's wrath and tremendous destruction. Their search of the Bible takes them back to the Book of Exodus and how

the Israelites were protected while the Egyptians experienced one plague after another. **Exodus 8:21-23; 9:3-7, 22-26; 10:21-23**

THREE YEARS LEFT

The Christians are happy as they continue to trust in God and His protection.

The Supreme Leader and the Pastor start to doubt Lucifer. He has told them if too many people end up in hell, God will change his mind and alter the plan to bring redemption to all of His creatures. The Book of Revelation says otherwise. They have an eternity awaiting them in the Lake of Fire.

Lucifer has also told them he has more power than God, but he has never able to achieve victory over the Christians in the wilderness. The Christians are confident and secure in Christ, while the Supreme Leader and the Pastor are sweating profusely.

THE SEALING OF THE BELIEVERS

One morning there was a great stir in the thousands of camps where the Christians dwell. Holy angels showed up in the camps and began to put a seal in the forehead of every man, woman, and child who was born again.

Prior to marking the Gentile Christians, the holy angels had conducted DNA testing on all the Christians to determine who was a blood descendant of the twelve sons of Jacob. This was done to counter the large number of Khazar Jews who infiltrated the twelve tribes of Israel in the 12th century A.D.¹

There were Messianic Jews hiding among the Jewish population in Israel, but some of them were descendants of the Khazars, and since there had been a great mixing of Jewish people from different parts of the world, few people knew their true ancestors

God's angels inform the Christians that it is necessary to seal them before the great tribulation begins as the Supreme Leader, the Pastor, and all people with the microchip are going to be judged.

Christians are excited because God is finally going to reward the Luciferian rulers of the world with overdue punishment. **Revelation 7:1-8**

Remember, it's not so important how you begin your life after salvation, but how you finish it!

Do you have an ear to hear with?
