MAY 9, 2021

### PART 19: MISSION IMPOSSIBLE

#### **POWER DISPLAY**

The Godhead paused the virtual time run again and the huge viewing screen froze with Moses appointing judges. Jesus had been communicating with Moses up to this point, but now it is time to show the people the awesome power of the Godhead.

It's been three months since the Hebrews crossed the Red Sea and the Godhead decides it is time for the leadership to be given a special banquet and provide them with something tangible to show the rest of the people.

When the virtual time run resumed, the Hebrews had set up camp around the mountain in the Sinai desert. Jesus calls out to Moses from the mountain and tells him to come up for a face-to-face meeting where He lays out what is expected of the Israelites. **Exodus 19:1-6**

Moses is told to prepare the people by having them wash their clothing and be ready on the third day when Jesus will manifest Himself to all the people. **verses 9-15**

Have you seen what happens when NASA launches a rocket? There is fire and smoke and the noise is deafening. The Hebrews experienced something similar when Jesus lands His craft on Mount Sinai on the third day. Moses is audibly called to walk up the mountain and receive more instructions. **verses 16-22**

Moses returns to the people. **verses 24-25**

#### **THE FIRST COVENANT**

Jesus is going to set up the First Covenant between God and the Hebrew people. It is a solemn ceremony sealed in blood. **Exodus 24:1-8**

At this point Moses, Aaron, and his two sons, Nadab and Abihu, plus 70 elders, are invited for a banquet set up by angels. Jesus sits on some kind of a portable throne on a sapphire stone floor.<sup>1</sup> **verses 9-11**

#### **THE TABERNACLE**

Once the banquet was over, Moses is told to ascend higher on the mountain to receive specific instructions. Joshua is instructed to come partway with him. **verses 13-18**

Moses is told the specifications for the tabernacle (tent) that Jesus wants him to manufacture and how Aaron and the Levite priests are to conduct services to the Lord. **Exodus chapters 25- 30**

Moses is apprised of the fact that Jesus had selected certain Hebrew men to receive special supernatural gifts as craftsmen. **Exodus 31:1-6**

---

<sup>1</sup> Sapphire, (sappir in Hebrew), a precious stone, apparently of a bright-blue color.

As we study the bloodline and the timeline, it becomes clear that this operation contains events not recorded by Moses in the Bible.

From a logistical viewpoint, I want answers to the following questions:

1. Where did they get the canvas material to make tents for each family?
2. Where did they get the material to make the tabernacle?

When the people left Egypt in haste, they took baking equipment, jewels of silver and gold, and clothing. **Exodus 12:35-36**

The Hebrews lived in houses while in Egypt and Jesus marched them out under duress. We are not told that they met other people after they crossed the sea. Jethro came to visit Moses once they had set up their third camp in the wilderness but the Bible doesn't state that he brought supplies. The next people group they met were the hostile Amalekites who attacked them. The Bible doesn't record any spoils taken afterwards.

It had been three months since the crossing of the sea until they met Jesus at Mount Sinai.

## THE DIMENSIONS

The most sacred place of the tabernacle was called the "Most Holy Place." It was 15 feet square and housed the Ark of the Covenant, which contained the stone tablets of the Ten Commandments. <sup>2</sup>

Extending eastward from the Most Holy Place and separated by a veil was the tabernacle's "Holy Place." It had the same width as the Most Holy Place but was twice as long at 30 feet. The Holy Place housed the Altar of Incense, the Lamp stand, and the Table of Showbread.

The tabernacle's Most Holy Place and the Holy Place measured 15 feet wide and 45 feet long.

Surrounding the tabernacle and enclosed by a fence was its outer courtyard measuring 75 feet wide and 150 feet long.

Located inside the outer courtyard and facing the tabernacle's entrance from the east was the Altar of Burnt Offering, upon which sacrifices of animals were offered to the Lord. **Exodus 25:1-27**

The Bible states that the Hebrew's clothing and shoes did not wear out during their 40 years in the wilderness. **Deuteronomy 29:5-5**

The tabernacle endured 534 years of sun and rain. **1 Chronicles 21:29-30**

If we assume each family originally existed of 10 persons, the Hebrews would have needed 300,000 tents. Setting up a tent required a frame and canvas. Where did they get that from?

## **IT WAS SUPERNATURAL**

When the US military retrieved a crashed UFO in New Mexico in 1947, they took the almost intact craft to Wright-Patterson Air Force Base in Ohio. There were a number of non-human crew members in the craft. Some were dead but a small number of humanoids survived who were acting on behalf of the kingdom of Satan.

Their clothing and shoes consisted of materials never before seen by humans. Col. Philip J. Corso states it was a dull, grayish-silvery foil-like swatch of cloth among the artifacts that would not fold, bend, tear, or wad up, but bounded right back into its original shape without any creases.<sup>3</sup>

As I have stated previously, the Godhead revealed themselves to a limited degree, but they have tried to keep their footprint as small as possible.

I am sure that Moses and the Hebrews must have seen the material given to them by angels. We are talking about tons of clothing, shoes, and canvas for making tents.

- A. It is impossible to walk through a wilderness area for 40 years in the same shoes.
- B. It is impossible for clothing to last four decades in the climate of the wilderness.
- C. It is impossible for the tabernacle to endure 534 years in the sun and the rain, which also involved setting it up, taking it down, and transporting it from place to place.
- D. In addition to the Manna, the clothing and the canvas must have come from the spirit world.

It is time for Christians to recognize that we are spirit beings in a physical body. God is a Spirit and He must be worshiped in spirit and in truth. **John 4:21-24**

An angel baked a cake for Elijah and provided him with super water. **1 Kings 19:5-8**

Elijah was later taken up in a spacecraft piloted by angels. **2 Kings 2:10-12**

An angel used a laser to evaporate the sacrifice by Gideon. **Judges 6:16-24**

## **SUMMARY**

We serve a supernatural God who exists in the spirit world and the physical world.

God works in the supernatural; He wants us to understand that we are spirit beings, living in physical bodies for a limited amount of time on earth.

We originated in the spirit world and we are going to return to the spirit world when our time on earth comes to an end.

Let's reject the unbelief that Lucifer is spewing out and start thinking about God in the supernatural. **Hebrews 11-1-6**

***Do you have an ear to hear with?***
