### PART 21: GOD'S JUDGMENT

## CHAPTER FIFTEEN

### VERSES 1-2

Many ministers today are speaking of the love of God, but they are deliberately omitting the subject of God's wrath against sin. In order for us to understand this chapter of judgment, we need to read **Leviticus 26: 1-39**. God is love but He is also a God of wrath. In chapter fifteen we learn about the last judgments from God against a sinful human race.

### VERSES 3-4

God is not sentimental, He is compassionate and full of grace and mercy, but there comes a time when the time of grace will end! This will happen not only in the end times, but also to individuals during their lifetime on this earth.

The saints of God who are at this time in heaven before the throne of God no longer have pity on the sinners on the earth, instead, they are rejoicing before God that judgment finally is coming upon the rebellious human race.

Abraham was a righteous man who had compassion for people. He interceded for the people living in Sodom and Gomorrah, but when judgment fell upon the two cities, Abraham did not become bitter because he knew that the people living in these cities had received what they deserved. **Genesis 18:16-33, 19:23-29**

As believers in Christ, it is hard for us to see the suffering around us, but we must come to the place that there are certain people who will not repent and seek God, and so when judgment falls upon them, it is important to understand that they deserved what they received in judgment. **Hebrews 12:14-29**

### VERSE 5

God's next step of what is about to take is now revealed in heaven.

### VERSE 6

The seven angels are like executioners, they are going to carry out God's will with no mercy or pity, but forcefully execute what God has decreed!

### VERSE 7

They are now given the lethal potions, which will be used to harm, torture and kill the men, women, and children who have been earmarked for judgment by God

## **VERSE 8**

The glory of God is now revealed and the throne room is closed for all saints in heaven until this phase of judgment is completed. The Bible does not say why this is so.

If you and I really believe what we read in the book of Revelation is a reality that will happen some day, should we not then fit our lives according to the plans of God?

Let's think deeply about the words that God spoke some 2,500 years ago!  
**Ezekiel 3:16-21**

**Do you have an ear to hear with?**
