

MURDER AT FAMILY RADIO

Report by John S. Torell

NOTE: This slaughter is confirmed by reports from International Christian Concern ('persecution.org') and other sources. Harold Camping's false prophecy from earlier this year caused hundreds of Hmong people to be slaughtered. Below is a new report from Jacob Prasch in the actual region describing how it happened:

FALSE PROPHECY Causes HUNDREDS KILLED

-by Jacob Prasch

As most of you are aware I am at this moment in North Vietnam helping the much persecuted Hmong people of the tribal mountain areas.

After listening to a translation of Camping's prediction 7,000 of these people (known in The West as Montagnards) gathered on a mountain praising God – their suffering at the hands of the Communist regime was supposedly about to end because Jesus was returning that day in May to establish a new kingdom.

The police and military police slaughtered many of them at gunpoint beheading two pastors. Others were arrested. I am told by Hmong pastors that so many were shot dead that they were buried in mass graves bulldozed over in an episode that I read about in Britain but did not understand the magnitude of until I got here. I am now trying to clean up the mess at the request of local Hmong leaders.

I spoke to a secret convocation of Hmong pastors only yesterday who came to Hanoi, explaining to them about false prophets and false teachers.

Due to a combination of poverty, ignorance, and persecution these poor Christians don't understand much so they believed Camping's shortwave broadcast which is how most get their teaching in a certain village area with heavy persecution. Their families don't know if their missing loved ones are among the many shot dead, among those arrested and imprisoned, or among those from the 7,000 hiding in the jungle.

I am not the nicest guy in the world let alone the best Christian and I can't pretend to be. But anyone who had to deal with the confusion and devastation I am dealing with now due to Harold Camping would also blow their top. These people already suffering for their faith in Jesus had it bad enough. They are not like the undiscerning whackos in The West who should have known Camping was a crackpot and a proven false prophet & false teacher. This is a persecuted church

who just had no means to know any different. This is why I get angry at those who deceive the Body of Christ and why I warn so much about false teachers and false prophets. It may be an extreme case but these people, some of them children, were shot dead. Of course we can blame Satan and the communists but their blood is on the hands of Harold Camping and his Family radio. Women without husbands, children without parents, husbands without wives – thank you Family Radio; thank you Harold Camping.

Frankly, this has been a rough week for me. One of the worst I ever had. I am up to my eyeballs in muck trying to explain to tribal pastors how to explain to their people why their families were massacred needlessly and trying to advise them how to protect their flocks from such wolves in the future...

The anguish of the Hmong folk took my concentration off of my own problems... because their problems are so much greater after what they refer to as ‘the mountain massacre’ due to Harold Camping.

Please pray for these people and the work of Moriel Asia branch here among the Hmong. We are trying to get 5,000 outlawed Hmong Bibles printed or smuggled in via Laos.

Where does it end? These people are suffering terribly while Camping is still in business in Oakland, California – as usual telling more lies... Come Lord Jesus.

‘Rapture’ real aftermath: Beheadings, shootings, mass graves

‘Families don’t know if missing loved ones are dead, arrested or hiding in jungle’

By Bob Unruh, WorldNetDaily, July 13, 2011

When Camping’s expected rapture did not occur, International Business Times reported Lyn Benedetto of Antelope Valley, Calif., slit the wrist and throat of her two daughters and then slit her own, claiming to prevent them from going through the “Tribulation” on May 21.

A neighbor summoned an ambulance in time for them to be hospitalized.

Upon hearing the story, Camping said, “Murdering is terrible. It is contrary to everything the Bible teaches. That would have been a horrible thing if she has done that. That will make me weep. That will fill me with sorrow that she would do that. The Bible teaches that we are to save life, not kill. If it is going to be death, leave it to God. God knows who He wants to kill and make alive. That is His business, not our business.”

Asked if he would take responsibility for such incidents, Camping said no.

“I don’t have any responsibility. I can’t be responsible for anybody’s lives,” he explained. “I am only teaching the Bible. I am not teaching what I believe, as if I am the authority. I am just simply teaching what the Bible says. And I don’t have spiritual rule over anybody.”

Harold Camping is not able to respond to this shocking news since he is recovering from a stroke he suffered on June 9, 2011. Craig Hulsebos and the rest of the staff at Family Radio have refused to rebuke Harold Camping for his false predictions and have gone along with him in order to keep their jobs, completely disregarding the damage his false predictions have caused around the world.

Jesus did return on May 21, 2011 for the thousands of Hmong Christians who died at the hands of ruthless communists but the blood of these martyrs is not only on the communist soldiers and their superiors but also on Harold Camping and the staff at Family Radio. What will it take for Hulsebos and the staff to take responsibility and publicly repent of their inaction at Family Radio? They can no longer claim they are innocent victims of Harold Camping and the Board of Directors when they have allowed this false prophet to continue polluting the airwaves with his satanic trash. It is bad enough to spread false teaching but it is inexcusable for the perpetrators when it leads to mass murder! Harold Camping is no different than Jim Jones and the mass murder at Jonestown in 1978.
