## LIVING DURING THE TRIBULATION

RLJ-1769

JOHN S. TORELL

AUGUST 16, 2020

### PART 6: THE RAPTURE

The following account takes place in the future...

#### **RISE OF THE CLONES**

The war against the 200-million-man army is over and the survivors of the World Federation are trying to comprehend what has taken place. Infrastructure on every continent sustains damage, but the wilderness areas were never touched by the fighting.

There are rumors that the Supreme Leader and the Pastor were not stung by the creatures from the bottomless pit. It is whispered that the two leaders are not really humans, but offspring of Lucifer's angels.

Cloning of humans is now normal and people preferred to be cloned rather than have children the natural way. Most women are sterilized in their teens and the surgical procedure is free. Government advertisements tell the young women they no longer have to suffer the menstrual cycle. A simple hysterectomy enables them to enjoy sexual pleasure without the risk of getting pregnant. Women are happy they no longer have to carry a baby in the womb for nine months.

Family life no longer exists. Most people are bi-sexual and there is always a community sex party on the weekends where nothing is held back. The clones grow into adults and society turns into pedophiles because there are no laws against having sex with an underage clone. Since the clones are possessed by demons, they are happy to participate in any type of debauchery.

The clones look just like the person, but without a soul and a dead spirit. They might look like the original person, but the clone is possessed by demons, making the clone an evil entity, completely void of love and compassion. The demons love the clones because they do not have to contend with a soul and are free to do whatever they want to do with the humanoid body.

They are enticed by the armed forces to join the military and become ruthless killers, showing no mercy and making the Nazi concentration camp guards in Germany during World War 2 look like Sunday school teachers.

The Pastor preaches in his televised sermons that there had been a time in the past when Lucifer's angels mingled with human woman and created a super race that ruled the world for a time. He drops hints about this happening again. **Genesis 6:1-5; Matthew 24:37-39**

The good times of the Supreme Leader's reign are over. Food is rationed and people stand for hours in front of stores to buy what they can. Hunger is a constant companion and the people quietly curse their leaders. Jobs are scarce, the internet barely functions in some places, most people don't have cell phone service, and electricity is rationed to a just few hours per day. Life becomes unbearable and the Luciferian leadership has no

solution. Most areas of the world no longer have any connection to the global television network and people have to rely on radios to get some kind of news.

## **THE GREAT CATCHING AWAY**

While the people of the World Federation suffer greatly, something strange is taking place in the different wilderness areas. The people with the embedded microchip do not see anything, but Lucifer and his fallen angels suddenly see millions of holy angels coming from heaven and orbiting the earth in their giant spaceships.

The sound of a trumpet is heard in the spirit realm and the sound of it startles Lucifer, the fallen angels and all demons. No one says anything, but they all know the second return of Jesus has begun.

Millions of small craft piloted by angels emerge from the giant spaceships and descend upon the surface of the earth, hovering over graveyards and any other place where human bodies are buried. They also scan the oceans, lakes, and rivers. Using equipment unlike anything that mankind has ever seen, they are able to find the atoms of the deceased and regenerate their physical bodies.

The angelic craft fly back and forth to the giant spaceships which contain the souls and spirits of Christians who died on earth. Found on the spaceships are Old Testament saints such as Seth, Enoch, Noah, Abraham, etc. King David is the most excited of them all, because while he sinned greatly, he repented and now he is returning to receive his newly resurrected body and reign in Jerusalem during the 1,000 years kingdom.

The souls and spirits which went to heaven after their death on earth are now reunited with their resurrected body like Jesus did when He rose from the dead. Millions of Christians are awestruck when they see their new bodies and take possession of these perfect physical bodies.

Lucifer is furious and barks out orders for the fallen angels to activate their space fleet and attack the holy angels but the fleet commander informs him that the holy angels have blanketed the earth with some kind of electromagnetic field which has knocked out their ability to function. In anger and awe, Lucifer watches the greatest evacuation in the history of the universe.

As dirt from the different gravesites is sucked into the small craft, Lucifer realizes that the Great Catching Away is underway and there is nothing he can do to stop it. Many of fallen angels lose all respect for Lucifer when they realize he has lied to them about his power and now the end is near for them.

When the holy angels are finished gathering atoms of the dead Christians and Old Testament saints, the small spacecraft descend upon the wilderness areas of the world. There is a deafening trumpet blast and the Christians begin to scream for joy as they realize Jesus has finally returned.

Angels emerge from the craft with a device that changes the physical bodies of the Christians into newly resurrected bodies. Just like before, people receive shining new bodies, gleaming of light, without any kind of blemish. Once the conversion process is finished, the believers in Christ are taken up to the giant spaceships orbiting the earth.

To each Christian, it is like the “twinkling of an eye” and then they are aboard the luxurious spaceships. When the last Christian is evacuated from the earth, the massive space fleet moved at a speed a billion times faster than light out of the universe to the city of God. **1 Corinthians 15:49-58; 1 Thessalonians 4:13-18**

## **ARRIVING IN HEAVEN**

The angels in heaven have worked for a long time to prepare an area large enough to hold the millions of saved persons coming from the earth. The flooring is like shining glass, round about it are giant television screens every 100 feet. Once the spaceships started to descend upon the city of God, angels meet the millions of believers streaming out of the ships.

Among this group is Seth and the last of the Christians. They are escorted to the meeting area, and once in place, Moses gets up on the stage and begins to praise God and thank Him for sending Jesus to die on Calvary so that people could be saved.

Harps are handed out to each person and Moses leads the assembly in a song of praise to the Father, the Son, and the Holy Spirit. The holy angels are dumbfounded at the song and the enthusiasm of the people singing. Since angels never experienced redemption, it is beyond their ability to understand humans praising God for His everlasting love. **Revelation 15:1-4**

## **JUDGMENT SEAT OF CHRIST**

Once the ceremony is over, the believers are told the next event is the Judgment Seat of Christ. Time doesn't matter anymore and the saints are taken to accommodations while they await their turn.

During this time, they have a chance to mingle, meeting family members not seen for a long time. Others are anxious to speak with Abraham, Isaac, Jacob and his twelve sons. Moses has a throng around him and the Old Testament prophets find themselves mobbed with believers that want to know about their lives on earth. The original eleven apostles are also surrounded and everyone wants to talk to Paul to about the things they did not understand from his writings and whether he ever made it to Spain.

One by one believers are called into the courtroom where Jesus is seated. Proceedings are shown on giant television screens so that every believer can see and hear what is happening. The Old Testament saints are called in first to be judged and receive their rewards. Ranks are awarded for the 1,000 Years Kingdom and the New Creation.

Some cry when they realize there were things for which they did not repent and now they have to atone for these sins. Some preachers are heckled when they have to admit that they obeyed men more than God and did not always preach the truth. Many of their hidden sins such as fornication, watching pornography, stealing money from the church are brought to light.

## **PUNISHMENT**

The believers watching the judgment become alarmed when certain believers are put in handcuffs and led away by angels. A believer decides to challenge Jesus by stating: “I was told by my pastor that I will never be held accountable for the sins I commit after

salvation. If that is true, why are some believers led away in handcuffs? Where are they going?”

Jesus stops the proceedings and proceeds to refresh the believer as to what is written in the Bible. The Holy Spirit told the apostle Paul about this judgment. **1 Corinthians 3:11-15**

The Holy Spirit returned a second time with more details. **2 Corinthians 5:9-11**

The Holy Spirit spoke a third time to the apostle Paul that there will be consequences for believers who willfully sin. **Hebrews 10:26-31**

Paul was moved by the Holy Spirit to set forth the procedure to observe communion. He emphasized that a person is to search himself and repent of any sins before partaking in the act. If a person is willing to judge themselves, then God won't have to judge them. **1 Corinthians 11:23-33**

The apostle John was moved by the Holy Spirit to warn believers of the danger of refusing to repent of their daily sins. **1 John 1:8-10**

In refuting this man, Jesus states that He gave the apostles a special prayer prior to the cross which specifically says God won't forgive those who harbor unforgiveness. An account will have to be made for whatever was not taken care of on earth. **Matthew 6:14-15**

To make sure that no one would misunderstand the spiritual laws of repenting and forgiveness, Jesus also provided a lengthy parable on an unforgiving servant. **Matthew 18:21-35**

The man responds, “I did not read the Bible that much. Furthermore, I had these new Bible versions and some of the things you talked about was left out of them. My pastor and denomination assured me that once I was saved, I would not be held accountable for the many sins committed after my salvation.”

Jesus replies: “You are a lazy servant who did not take the time to read the Bible. You are without an excuse. I sentence you to be taken by the tormenting angels to a prison of correction where you will be tormented until you have paid your debts.” **verses 34-35**

“When it comes to your rewards and position in eternity,” Jesus continues, “These things will be calculated by the angels once you emerge from prison. Angels, take him away!”

As millions of believers stand outside the court and watch the proceedings on giant television screens, a hush falls over the crowd as each man and woman begins to recount what took place during their time on earth. They realize it is too late to repent. That opportunity has been lost. All they can do is praise God for their salvation and wait for whatever punishment is going to be meted out to them.

Many of them wonder why this information was not preached in churches? Pastors, evangelists, and teachers standing nearby bow their heads and stare at the ground. What fools they had been to have believed the false doctrine taught in seminaries and Bible schools.

***Remember, it's not so important how you begin your life after salvation, but how you finish it!***

***Do you have an ear to hear with?***
